

LUXURY PAPER BAGS

All our luxury paper bags are custom made and most of them are hand finished. Carrier bags feature handles from weaved string or silk, satin or cotton ribbon. Gift paper bags are manufactured from super-fine coated or decorative papers, some of them laminated with matt, gloss, soft-touch film. Bottoms and lids are reinforced with thick cardboard. Some of our paper bag manufacturing and finishing processes are hand made, thereby ensuring flawless quality. We manufacture luxury paper bags from as little as 100 pcs. per order.

Print

Handmade luxury paper bags are offset or silkscreen printed. Customised paper bags may contain print inside as well.

Handle types

Weaved string, silk, satin or cotton ribbon handles can be finished with hand made knots or plastic tips. They can also be glued in to the top-fold.

Sizes

We offer over 200 standard carrier paper bag sizes.

Post-print finishing

Luxury paper bags can be finished with matt, gloss PE film. Embossing, debbossing, hot foil stamping, spot UV varnish and many other things can be added.

Paper

For luxury paper bags we use super fine decorative papers, for regular paper gift bags coated, uncoated, kraft or eco paper can be used.

Lead time

Our standard lead time for luxury paper bags is 2-3 weeks.

Bottoms and handles

In all our luxury paper bags and gift paper bags, bottoms and top-folds are reinforced with thick cardboard and are super strong. They hold up to 10 kg!

ECO FRIENDLY PAPER BAGS

Eco friendly paper bags are manufactured from 100 % recycled or FSC certified paper and covered with protective varnish only. Bottom and handles of the bags are reinforced with cardboard, which enables using the bag more than once. Order an ecological bag and get an attractive package, contribute to conservation of natural resources, as well as create an image of a green company.

Print

Eco friendly gift bags are printed using offset printing or a logo is applied using silkscreen printing.

Handles

For ecological bags we can offer ropes with knots from natural fiber or glued handles from cotton, linen ropes, or satin / cotton ribbons.

Sizes

We offer over 200 standard sizes.

Bottom and handles

Bottom is reinforced with cardboard. Another piece of cardboard is glued in the handle area, thereby making the bag more durable.

Paper

Eco gift paper bags are manufactured from 100 % recycled or FSC certified paper.

Lead time

Eco friendly bags are manufactured and delivered within 2-3 weeks as of the date of agreement on the layout.

Post-print finishing

Eco friendly paper bags are covered with protective matt or gloss varnish only. If you wish, the surface may be covered with UV varnish, hot foiled, or embossed.

PAPER WE USE FOR PAPER BAGS

Coated and uncoated papers

For the manufacturing of our paper bags we only use high-grade matt or gloss coated paper of various thickness. As a standard, we use unique single coated pulpwood-free smooth, however, fluffy and solid coated paper. Thanks to proper sheet structure, paper is durable and flexible, particularly resistant to folding, suitable for full print coating. Bags are manufactured from 150, 170, 200, and 230 gsm coated paper.

Kraft papers

Kraft paper is paper produced from chemical pulp processed by the kraft process. It is an upmarket packaging paper, characterizing for high resistance to mechanical and water impact. This paper is particularly durable. Kraft paper is suitable for food packaging as well. In manufacturing we use brown or white kraft paper, which can be either smooth or sealed, 120 gsm.

Decorative and art papers

For the manufacturing of luxury bags we use various art paper. It is available in various thickness, color, and pattern. We can offer the products of such manufacturers as Gmund, Fredrigoni, Winter, Arjo Wiggings, Cordenons, GF Smith and many others.

Ecological and recycled papers

Climate change today is a huge point at issue, which we cannot ignore, therefore, we also manufacture bags from recycled paper. We can offer bags from both especially white and natural white or fiber patterned recycled paper of 150, 170, 200 or 230 gsm.
